How to use this timetable

On pages 12-13 of this timetable you will find a guide to normal Fares and Rates. Look down the alphabetical lists until you see your town of departure (e.g. Nairobi). Below this name, you can pick out your intended destination (e.g. Durban). In the columns to the right, you will find the single fare, return fare, freight rates, but in the first column, one or more numbers. These numbers correspond to the scheduled timetables that are shown in this brochure. A glance at the table number will show you where to find arrival and departure details and flight number of your proposed trip. Information on every service operated by E.A.A. is gathered here under one cover for your convenience. New issues are made regularly—be sure your copy is up to date.

Reservations

You may make your flight reservations and obtain tickets from any travel agent, or from E.A.A. offices (complete list on the back cover). We cannot guarantee reservation of specific seats in aircraft, but we will do our utmost to meet your preferences.

Fares

The fares quoted in this timetable are for normal single and return tickets. However, E.A.A. make available various concessions and excursions that can considerably reduce your expenditure (i.e. Family fares, Sportmen's fares, Student's fares, Business and Holiday excursions). Make sure you aren't missing some considerable saving—ask at the reservation office for any applicable reduced fares and concessions.

Family Fares

There are special reduced rates available to all families travelling together between any two points within East Africa and from certain points on E.A.A.'s regular routes to the Rhodesias.

Any E.A.A. office or travel agent will give you the exact fares for your family, but in the meantime here is a general guide to your savings :-

| | |
|-----------------------------------|--|
| Husband and Wife : | He pays full return fare. She pays single fare for the round trip. |
| Husband, Wife and Family : | He pays full return fare. She pays single fare for the round trip. Children over 12 and under 21 pay single fare for the round trip. |
| | Children under 12 and over 2 pay 50% of the return fare. |
| | Children under 2 pay 10% of the return fare. |

Your tickets are valid for travel within four months from the date of departure. Additionally, provided you all commence the outward journey together, you may return by different services.

Students' Fares

There are extensive reductions for schoolchildren over certain routes within E. Africa when they are travelling between home and place of study. On these routes within East Africa where special fares do not apply and to the Rhodesias and S. Africa schoolchildren under 12 years travel at the normal half round trip fare and students over 12 years but under 26 years are granted round trip tickets at single fare.
